

CLICK-KAAR Lens API Docs

Swagger URLs

Local Swagger UI: <http://localhost:8080/swagger-ui.html>

OpenAPI JSON: <http://localhost:8080/v3/api-docs>

Health Check: <http://localhost:8080/actuator/health>

Base URL

Local backend base URL: <http://localhost:8080>

All main APIs start with: `/api/v1`

Response Format

Most successful responses return success, message, data, timestamp, and statusCode. List APIs use pagination fields such as content, pageNumber, pageSize, totalElements, totalPages, first, and last.

Authentication

Register or login to receive an access token and refresh token. For protected APIs, send the access token in the Authorization header like this: Authorization: Bearer YOUR_ACCESS_TOKEN.

Public APIs

Auth APIs

POST /api/v1/auth/register - create a customer account.
POST /api/v1/auth/login - login with email and password.
POST /api/v1/auth/refresh-token - get a new access token.
POST /api/v1/auth/forgot-password - request password reset.
POST /api/v1/auth/reset-password - reset password.
GET /api/v1/auth/me - get logged-in user details.

Service Browsing

GET /api/v1/services - list service categories.
GET /api/v1/services/{slug} - get one service.
GET /api/v1/occasions - list occasion categories.
GET /api/v1/occasions/{slug} - get one occasion.
GET /api/v1/business - list business categories.
GET /api/v1/business/{slug} - get one business category.

Lead and Contact

POST /api/v1/enquiries - submit a photography enquiry.
POST /api/v1/contact - send a contact message.
POST /api/v1/bookings - submit a booking request.
POST /api/v1/join-applications - apply as photographer, editor, creator, videographer, or drone operator.
POST /api/v1/partner-applications - submit partner application.

Content

GET /api/v1/blogs - list blogs.
GET /api/v1/blogs/{slug} - read a blog.
GET /api/v1/blogs/featured - featured blogs.
GET /api/v1/blogs/categories - blog categories.
GET /api/v1/blogs/tags - blog tags.
GET /api/v1/ideas - list photography ideas.
GET /api/v1/ideas/{slug} - read one idea.

Locations

GET /api/v1/locations/states - list active states.
GET /api/v1/locations/states/{stateId}/cities - list cities in a state.
GET /api/v1/locations/cities/search?q=Mumbai - search cities.

Logged-In User APIs

User Profile

GET /api/v1/users/profile - get your profile.

PUT /api/v1/users/profile - update your profile.

PUT /api/v1/users/change-password - change password.

DELETE /api/v1/users/account - soft delete your account.

Bookings

GET /api/v1/bookings/my-bookings - view your booking requests.

GET /api/v1/bookings/{bookingReference} - view booking by reference, for example CKL-2026-000001.

Notifications

GET /api/v1/notifications - list notifications.

PATCH /api/v1/notifications/{id}/read - mark one notification as read.

PATCH /api/v1/notifications/read-all - mark all notifications as read.

File Upload

POST /api/v1/files/{folder} - upload files such as profile image, blog image, idea image, portfolio, or resume. Send multipart form-data with field name file.

Admin APIs

Admin Users

GET /api/v1/admin/users - list users with pagination/search.

GET /api/v1/admin/users/{id} - view user.

PATCH /api/v1/admin/users/{id}/status - enable, disable, or lock account.

PATCH /api/v1/admin/users/{id}/roles - update user roles.

Admin Categories

POST /api/v1/admin/services - create service.

PUT /api/v1/admin/services/{id} - update service.

DELETE /api/v1/admin/services/{id} - delete service.

Similar admin CRUD exists for /admin/occasions and /admin/business.

Admin Enquiries and Bookings

GET /api/v1/admin/enquiries - list enquiries with filters.

PATCH /api/v1/admin/enquiries/{id}/status - update enquiry status.

PATCH /api/v1/admin/enquiries/{id}/assign - assign enquiry.

PUT /api/v1/admin/enquiries/{id}/remarks - add remarks.

GET /api/v1/admin/bookings - list bookings.

PATCH /api/v1/admin/bookings/{id}/status - update booking status.

PATCH /api/v1/admin/bookings/{id}/assign - assign professional.

Admin Content

POST /api/v1/admin/blogs - create blog.

PUT /api/v1/admin/blogs/{id} - update blog.

PATCH /api/v1/admin/blogs/{id}/publish - publish or unpublish blog.

DELETE /api/v1/admin/blogs/{id} - delete blog.

Admin CRUD also exists for ideas.

Admin Dashboard

GET /api/v1/admin/dashboard/summary - business totals.

GET /api/v1/admin/dashboard/monthly-statistics - monthly counts.

GET /api/v1/admin/dashboard/recent-enquiries - recent enquiries.

GET /api/v1/admin/dashboard/recent-bookings - recent bookings.
